

Navigating packages:

The screenshot shows a web application interface for managing satellite packages. The main table lists various packages with columns for Package Name, Status, and Package at the position(s). Red callout boxes with arrows point to specific elements: 'Sort the list by this column' points to the Package Name header; 'Filter the list by this column' points to the Status column; 'Click here to go to package provider web site' points to a link in the Package Name column; 'Click here to view the satellite details' points to a link in the Status column; 'Click here to view the package coverage area' points to a link in the Package at the position(s) column; and 'Click here to view the package content' points to a link in the Package at the position(s) column.

Package Name	Status	Package at the position(s)
